Blow For Roosevelt.

Oyster Bay, L. I., Nov. 5.—The town of Oyster Bay, President Roosevelt's township, complete, gives Odell 1,526 and Coler 1,657.

In 1900 the town gave Odell 2,041 and Stanchfield 1,529.

President Roosevelt's own district, the Fifth, gives a plurality of 31 for the Democratic state ticket.

The miners of Pennsylvania are a queer lot of birds. The

Republican party gives the mine operator 67 cents per ton protection and the operator gives miner 60 cents per ton, but in spite of that knowledge and a strike extending over months and costing over millions of dollars, on Tuesday of this week they like sheep to the shambles bound went to the polls and voted the Republican ticket. It is more than doubtful if any sympathy is due them.

Now Don't

Now don't be disappointed if it does not materialize, for the electric light people do not promise for sure, but they think they will be able to turn on the lights Saturday night. The plant is one of the most perfect, complete and convenient in the state, one that the city will be proud of, but more anon.

Settle Down.

The election is over, school fund saved, settle down and go to work. On an average politics reminds us of Captain Winters, of Trenton, Mo., because they unsettle every thing for months. In 1876 he took a large consignment of wool to the Chicago market and his partner kept wiring him: How are politics? Finally fretted and worn out by the persistent question he wired back: D—n politics, wool is down.

A jolly party of hunters composed of Capt. J. Porter Bush, Lieutenant J. Porter Patton and privates, Max Green, Rolla and Tip Marshall, Joe and Ash Gray, S. Meyers, R. A. They will spend from two to four weeks near that point hunting deer, bear and turkeys and when they return will have some tall stories to relate.

Hadn't Ought To.

C. A. Fay, editor of the Clinton Iowa Advertiser has been waked up by a burglar and robbed of \$1,300. He hadn't ought to be an Iowa editor. If he had have been in this neck-to-the-woods he and the burglar would have been shy the \$1,300 and then he could not have lost it.

Three Babes.

The election did not bother Bob C Peirsol nor keep him awake a little bit, but he was celebrating just the same. The cause of the commotion was the advent of a handsome little boy, Bob's first music box.

John A. Bixler has more than a big crop to rejoice over. It is another pretty little girl.

Pius Kendrick thinks he is IT in the Little Kingdom. The cause of the great I is the arrival of a bouncing boy at his place.

It Pays To Marry.

A Louisville, Ky., woman has been married four times, each husband was an ex-soldier and died and she collected a pension as the widow of each. She made no concealment of the fact and no fraud was charged as she collected them in accordance with law. It will readily be seen that it pays to marry that class of men, because they leave legacies that cannot be lost strayed or stolen, but then her heart must have been terribly bruised.

Grade cards will be sent out this week giving the record made by pupils during first two months of school. Sometimes children delay in taking these cards home.

Parents are required to read these cards carefully and if the records are not good consult with the teacher at once as to improve record of next quarter. Parents should get acquainted with the teachers, visit the school and in this way show the children that you are interested in their work.

This will encourage pupils to make better records.

Pupils who are regular in attendance and observe study hour at home are doing good work.
